

Resident Management Update RGI Tables

August 2006

Effective August 1, 2006, the new authorized charge rates established by Manitoba Health come into effect. This results that you must update your **Rent Geared for Income Table**. This table contains the income ranges and their corresponding authorized charge rate. Once you have updated this table Resident Management will calculate the correct rate for any resident that you enter an income amount in the Resident Maintenance Financial window. The following is the suggested procedure for updating your RGI table and completing your Mass Rent update:

We recommend that this update not be done before August 1st, 2006.

1. For the Residents that you have their income amount from their 2005 tax assessment, enter these new amounts in the Income field in the Resident Financial window.

The screenshot shows the 'Resident Financial' window with the following fields and table:

Payment Type: CASH

2. All users must not be processing in RMS during the next steps. This process does not take long, so we recommends that you have all RMS users log out of Dynamics.

- Open the RGI Rate Table Setup window by clicking the **RGI Setup** button on the Billing Setup window (Setup\Sales\RMS Setup\Billing).
- Click on the **Create File** button and enter the following.

Rate Increment	\$0.10
Start Rate	\$27.70
End Rate	\$65.10
Single Start Income	\$13,069.00
Single Income Increment	\$36.50
Married Start Income	\$39,910.00
Married Income Increment	\$36.50

- Once you have entered the figures above, click on the **Create File** button. This will create the new August 2006 Table of Residential/Authorized Charges. Hit the x or cancel to exit out of the window once completed.

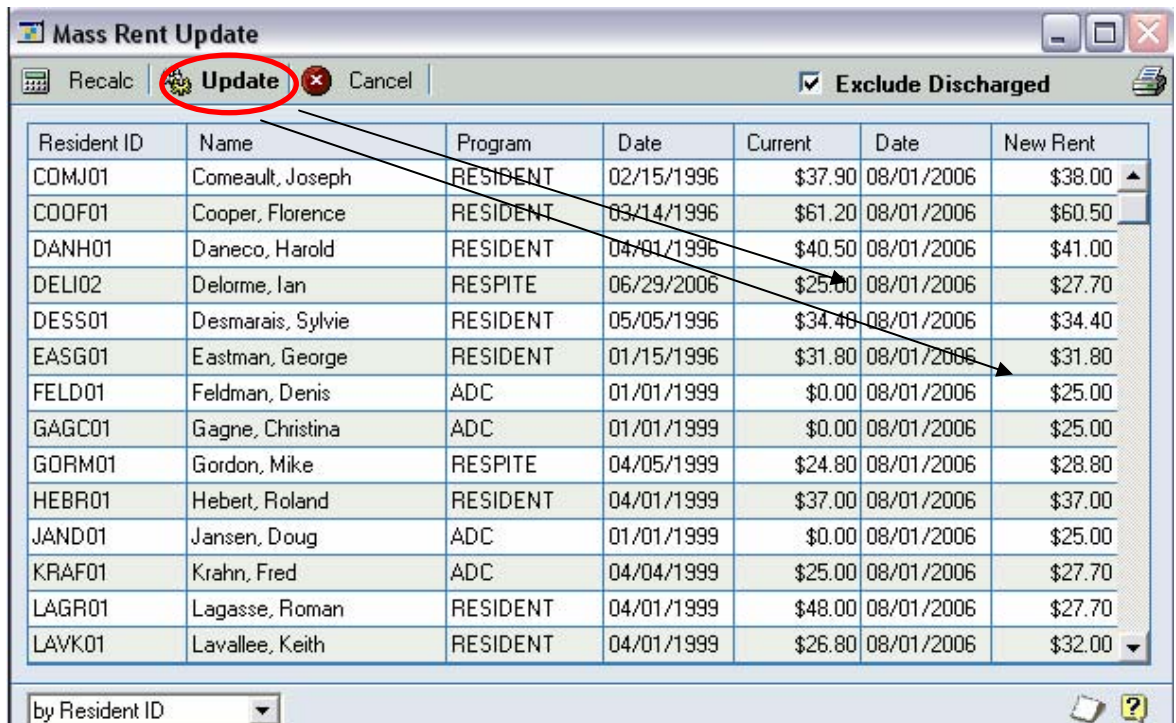

You may want to verify some of the lines in the table to ensure you correctly keyed in the above information.

- The next step is updating each resident rate using the Mass Rent Update window (Cards\RMS Cards\Mass Rent Update).
- Click on the Recalc button. This will update the rates for all the residents that have an income amount in their Resident Financial window (See step 1). **It is very important that the date field is August 1st, 2006. If your system date is not set to August 1st, 2006 it will not show up correctly.**
