Momentum Healthcare locates U.S. Headquarters in Nashville, Tennessee

Leading developer of software solutions for long-term care market will create IT jobs

Brentwood, TN, January 31, 2006 – Momentum Healthcare, Inc. an industry-leading developer of healthcare solutions in the U.S. and Canada is pleased to announce the opening of their new U.S. headquarters in Tennessee.

Momentum Healthcare is the only software company located in Tennessee that focuses exclusively on the growing U.S. long-term care market. “Nashville is known as a global ‘healthcare center’ with its numerous hospitals, healthcare chains and industry infrastructure. We intend to extend that strength in Tennessee by choosing Nashville for our U.S.-based headquarters,” stated Dr. Dwayne Gunter, Executive Vice President and head of U.S. Operations. “The idea of positive economic value to the region is real when jobs are created by a prominent healthcare IT provider like Momentum Healthcare.”

Momentum Healthcare has been servicing healthcare clients in the U.S. since 1998, with clients such as Beverly Healthcare, Extendicare and Kindred Healthcare.

“We continue to expand operations in the U.S. long-term care market. Our investment in a Nashville operational center demonstrates our commitment to bring unprecedented value to clients across North America,” stated Charles LaFleche, Momentum’s CEO.

As part of the commitment to U.S. healthcare solutions, Momentum has engaged Harpeth Capital, LLC, also a Nashville-based company, to raise additional equity capital to fund its U.S. growth.
